#### 5 Chapter 1. Findings

#### 6 Sec. 1. The general assembly finds the following:

##### 7 (1) The Indianapolis Public Schools face challenges due to:

8 (A) decades of declining enrollment that have resulted in  
9 significantly underutilized school buildings, unsustainable  
10 operating and maintenance costs, and steep reductions in  
11 revenue;

12 (B) competition with an unusually large number of charter  
13 schools that are located within Indianapolis Public School  
14 boundaries as a result of legislation that granted the mayor  
15 of Indianapolis the unique authority to open charter  
16 schools and provided financial incentives for charter

schools to locate within Indianapolis Public School boundaries;

(C) an unusually high percentage of chronically low-performing schools, including four (4) schools that are under state intervention; and

(D) a large number of newly built or recently renovated school buildings that are owned by the building corporation and serve as security for four (4) different bond issues.

(2) A unique approach is necessary to allow the Indianapolis Public Schools:

(A) to use existing underutilized facilities to open new, innovative, and autonomous schools either independently or in collaboration with school leaders or operators of high performing charter schools;

(B) to offer more high-quality educational options to the students served by Indianapolis Public Schools; and

(C) to produce improved academic performance and better serve all of the community stakeholders.

#### Chapter 2. Applicability

Sec. 1. This article applies to a common school corporation that:

(1) is located in whole or in part in the most populous township in a county having a population of more than seven hundred thousand (700,000); and
